## IS NOT ANY WALKOVER

Roberts Reports He Is Meeting With Constant Resistance.

PUSHING ON TOWARD KROONSTAD.

British Forces Are Practically Within Striking Distance of the Orange Free State Headquarters and Still Fighting.

London, May 11.—So quickly has Lord Roberts advanced that his cavalry is only 22 miles from Kroonstad, while the main army is only 11 miles behind them. Hence, in about a day the British will be within striking distance of the Orange Free State headquarters. The critics differ widely in opinions as to whether any determined stand will be made there by the Boers.

The presence of 10,000 Boers in the neighborhood of Thaba N'Chu is confirmed. They are holding a line 20 miles north to southeast of Thaba N'Chu. A Boer patrol was sighted on Thursday at Thaba Patchoa. A detachment of Brabant's horse pursued the burghers, who retired after some fighting. The Brabants then took up a position on a hill, which they are now holding. There were few casualties on the British side. The Boer headquarters are at Eden. More fighting is expected.

The South African Review asserts that a member of the legislature of Cape Town offered money to shoot Sir Alfred Milner, the British high commissioner. Affidavits on the subject are said to be in the hands of the attorney general. The Review demands the arrest of the legislator, who is described as a prominent bondsman from Piquetburg.

Met Stubborn Resistance.

London, May 11.—Lord Roberts telegraphs to the war office from Riet spruit, under date of May 10, as follows: "We have had a successful day, and have driven the enemy from point to point. French, with Porter's and Dickson's brigades of cavalry, and Hutton's mounted infantry crossed the Zand at Verfontein kraal, and then worked round in a northeasterly direction to Maatschapij, being opposed continuously by the enemy. Pole-Carew's division and Gordon's cavalry brigade, augmented by J battery of the Royal Horse artillery, and by Henry's and Ross' mounted infantry, crossed the river by a drift near the railway bridge. My quarters accompanied this force. With the infantry portion we are eight miles north of the river. The cavalry and mounted infantry are at Venterburg road station and Tucker's division is at Deelfontein. Ian Hamilton's force and Broadwood's cavalry brigade was making roads near Venterburg when last heard from. Hamilton's column met with stubborn resistance and Smith-Porlen's brigade was engaged for some hours in protecting the rear and flank of his force. The only casualties reported at present are: Killed, rank and file, four; wounded, five. No returns yet received from the cavalry nor Hamilton's force."

Message For Americans.

London, May 11.—W. T. Stead, who was the last man in Europe to bid farewell to the Boer delegates, obtained from Abraham Fischer, a member of the Orange Free State executive council and one of the delegates, a message to the American people, which is practically in the same words as the message previously sent. Mr. Fischer, however, added: "The governments of the Old World appear paralyzed. We hope to find a different state of things in the New World. We know that at the very time when the Jameson raid threatened the independence of the Transvaal the American republic succeeded in inducing Great Britain to submit to arbitration a question which involved not her existence, but the frontier interests of the republic of Venezuela. As you obtained arbitration for Venezuela after England had declared it was impossible, so we venture to hope the free, enlightened public opinion of the American people will succeed in inducing the power attacking our very existence to stay her hand and submit the question of the future government of these regions to the free judgment of an impartial tribunal."

Artillery Duels.

Riet spruit, May 11.—The Boers opposed the British advance, holding positions north of Zand drift back along the whole line, from General Hamilton on the east and General Hutton on the west. Chiefly artillery was engaged. The Sussex regiment charged a kopje at the point of the bayonet, and the East Lancashires captured another. The British loss is insignificant. General Hutton had a series of artillery duels, the Boers always retiring. Twen-

ty Boers were taken prisoners. The advance continues.

Position of Free Staters.

Maseru, Basutoland, May 11.—The Free Staters are concentrated in a good position on the Korobong hills, lying eastward of the direct line from Thaba N'Chu to Winburg. President Steyn was with them, but is believed to have gone northward after inspiring the burghers with predictions of approaching Boer successes through the assistance of thousands of foreigners, who, he said, were pouring into Delagoa bay.

Continuing Fighting.

Cape Town, May 11.—Lord Roberts wires that he is at Venterburg; that he is continuously opposed, but that he is making progress. He will push on in the direction of Kroonstad.

Burton at Washington.

Washington, May 11.—Colonel George H. Burton of the inspector general's department has arrived from Havana, and has had a conference with war department officials. Colonel Burton is the officer of the inspector general's department who detected the postal frauds in the Cuban service in connection with Charles F. Neeley, who is under arrest. Colonel Burton spent half an hour in close conference with Secretary Root. The requisition for the extradition of Neeley is now on its way here from Havana. This statement was made after the unusually long cabinet meeting. As soon as the requisition reaches Washington, it will be turned over to the attorney general for presentation to Governor Roosevelt.

Imitators Not Possible.

Washington, May 11.—Commissioner Herman of the general land office said in regard to a report that applications had been made out for soldiers' additional scrip land grants by persons in Wisconsin, who impersonate dead soldiers, that it would be impossible for such grants to be passed through the land office. It is necessary for the persons asking for such land to append their signatures to the applications, and the testimony of neighbors, who have known the applicant for at least 10 years, must be had as to the authenticity of such signatures.

Japanese For New England Mills.

Victoria, B. C., May 11.—There are over 500 more of the unwelcome Japanese immigrants waiting at the quarantine station, whither they have been landed from the steamer Sikh. These 500 are nearly all bound for the United States, but only 200 will be carried through direct. A large number of Japanese are weavers, coming under a contract made with them by a Japanese firm in New York. They are engaged to work in New England mills.

Hoisted the Flag.

Washington, May 11.—Assistant Secretary Hackett has received a report, dated the 17th of April, from Commander B. F. Tilley, commandant of the United States naval station Tutuila, Samoa, stating that he had that day conducted the ceremony of hoisting the American flag, as symbolic of the protectorate of the United States over that island and the adjacent islands, together with the island of Manua.

Wanted For Embezzlement.

Marion, Ind., May 11.—Charles E. Webster, chief clerk of the National Military home, has been arrested by a United States marshal on the charge of embezzlement and grand larceny, growing out of the mysterious disappearance of \$1,700 from \$225,000 of pension money sent to the home for disbursement and placed in the safe, to which only Webster and the treasurer had access.

Capital Increased.

Albany, May 11.—The New England Telephone and Telegraph company filed with the secretary of state a certificate of increase of capital stock from \$15,000,000 to \$20,000,000. The amount of capital stock actually paid in is \$13,759,100, and the amount of its debts and liabilities \$2,120,000.

Banker Suicides.

Edinburgh, Scotland, May 11.—H. H. Norrie, manager of the Union Bank of Scotland, was found dead at his residence. His head was half blown off by a gun. Apparently he committed suicide. His action is attributed to the fact that he had been suffering from influenza.

Largest Pacific Steamer.

San Francisco, May 11.—The steamer California, the largest vessel ever built on this coast, will be launched at the Union iron works on Saturday. She is 488 feet long, with a total displacement of 16,200 tons and a dead weight of 10,600 tons.

New Orleans, May 11.—The steamer Monarch sailed for Cape Town, Africa, with 1,500 mules, and the steamer Corinthia cleared for the same port with 1,450 mules, all the animals being consigned to British army officials.

## EXPLOSIVES ON TRACK

Cars of Rapid Transit Company at St. Louis Are Jolted.

NO ONE IS SERIOUSLY INJURED.

By the Aid of Police Protection Our Line Is Operated With Little Opposition on the Part of Strikers.

St. Louis, May 11.—The street railway strike situation showed but little change. About the usual number of cars are being run by the Suburban, while only a few are out on the Lindell division of the Transit company's system. No other divisions on the latter system are in operation. Police protection is still afforded, officers guarding each car and patrolling the streets on foot and horseback. While the Suburban cars were well patronized, those of the Transit company were almost empty.

Governor Stephens returned to Jefferson City after an ineffectual attempt to bring the strikers and their employers together for the purpose of settling the strike. Before going, he said: "I do not think the situation has reached the stage where it is expedient or necessary to call on the militia. I shall expect the police department to handle the situation for some time, or until it acknowledges that, under the new law, with an increased force fully armed and having unusual powers, it can not cope with the situation."

"When I am satisfied that such a crisis has arisen I shall then not hesitate to call out the military arm of the state."

It has been decided by the police officials that there is no immediate necessity for a sheriff's posse committatus, but Sheriff Pohlman has been asked to be in readiness to furnish 500 men if called on to do so.

While a car on the Lindell line was going west at Garrison and Washington avenue it ran over an explosive, supposedly gun cotton, that had been placed on the track. There was a deafening report, and the car was surrounded with smoke. Passengers were terrified, but no damage was done to the car and no one was hurt. It is not known who placed the explosive.

By noon the cars on the Lindell division were running at 4-minute intervals between Taylor avenue and Eads bridge. About 20 cars were in operation, and each had on board from six to eight policemen.

No interference was offered, and when it became evident there would be no trouble a number of persons plucked up courage and took passage on the cars. Somebody placed a number of torpedoes on the tracks near Eighth and Washington avenue. These exploded with a loud report, but did no damage. Arrangements are being made, so it is reported, for a mass-meeting of union labor to be held Sunday afternoon, when the question of a sympathetic strike will be discussed.

President Harry B. Hawes of the board of police commissioners issued a statement, which said in part: "The situation is much more promising, and it is mainly due to the efforts of W. D. Mahon, national chairman of the Amalgamated Street Railway union, and his able assistants, Edwards and Messick. These gentlemen have wisely taken the position that disorder and violence will injure the cause of the strikers. There is no question now as to what the real issue is between the men and the companies. It is a straight out demand to unhitch the roads."

At 1:30 p. m. cars were started on the Park avenue and Bellefontaine lines of the Transit company's Lindell division, and preparations are being made to open up every division at once. Squads of mounted police and patrolmen were sent to the starting place on each line. A general meeting of the trades and labor bodies of St. Louis has been called for Saturday night for the purpose of considering what action shall be taken by organized labor in the city to actively support the demands of the striking street railway men.

The coroner held Dan Donovan for the murder of Frank Liebrecht, an innocent onlooker in a riot on the Suburban tracks Wednesday.

Flora Siegfried, the young woman who was reported killed by a brick thrown at a streetcar is alive and may recover.

Probable Strike at Kansas City.

Kansas City, May 11.—Walton Holmes, president of the Metropolitan Street Railway company, refused to grant the demands of the conductors, motormen and gripmen for recognition of their union and a uniform scale of wages, and a strike of all the lines in

Kansas City, Mo., and Kansas City, Kan., will likely be ordered at any moment.

A Notable Wedding.

Yokohama, May 11.—The wedding of Crown Prince Yoshihito and Princess Sada Ko, a daughter of the Kujem family, at Tokio, was a most simple ceremony. The contracting parties drank cups of wine before the shrine in the Imperial palace. The foreign residents presented an address.

SENATOR BUTLER

Re-elected Chairman of the Populist Committee.

Sioux Falls, S. D., May 11.—Delegates and visitors to the Populist convention are leaving Sioux Falls as fast as the railroads can get them away, and it is evident all of them will soon be gone. Among those still here are the leaders. There are evidences of some disappointment among those who did not succeed in securing the endorsement of their policies, but one and all announce their purpose to stand loyally by the nomination of Bryan and Towne. The big tent was not long in being emptied after the convention adjourned at 1 a. m.

The first meeting of the new national committee was held here to elect officers. The meeting, which was a protracted one, resulting in a lively contest over the championship between the friends of former Chairman Senator Marion Butler of North Carolina and George F. Edmiston, chairman of the Nebraska state committee. Butler was re-elected.

Question the Propriety.

Washington, May 11.—Representative O'Grady introduced to the president a number of prominent citizens of Rochester, N. Y., who came to invite him to attend the reception and banquet to be given to General Otis, on his return from the Philippines on June 15. The president spoke of General Otis in terms of high praise, and said he would esteem it a privilege to join in doing him honor. He questioned, however, the propriety of his doing so. No one in his judgment should be present who, by reason of his superior rank, would necessarily share the honors which were intended for General Otis alone.

Big Catch of Seals.

San Francisco, May 11.—The sealing schooners have made a wonderful good catch this year. Should the strikes on the revenue cutters continue, they are in hopes of doing still better, as they will have Bering sea all to themselves for a few weeks to come. From the latest advices received by Donald Ross of Victoria, B. C., it is learned that Zillah May has taken 733 seals, Teresa 590, the Victoria 293, Enterprise, 549, Annie E. Paint 750, E. B. Marvin 607, Dora Seaward 800 and Umbrina 650. This makes the catch over 5,000 skins, while the Geneva, Ocean Belle and two or three others are to be heard from.

No Advance.

Pittsburg, May 11.—The bimonthly conference between John Jarett, secretary of the Association of Iron and Steel Manufacturers, and a committee of the Amalgamated association, to adjust the scale for May and June, was held here. The sworn statement of the manufacturers showed very little, if any, advance in prices during March and April, hence the 20,000 workers can expect no advance in wages. The meetings of the Amalgamated association preparatory to the Indianapolis convention began behind closed doors. Little can be learned of the proceedings.

Officers Elected.

Detroit, May 11.—The American Ticket Brokers' association have elected the following officers: President, Simon Steiner, St. Louis; vice presidents, Elmer E. Darling, Salt Lake; Walter E. Brown, Detroit; R. C. Wilcotts, Duluth; George A. Salt, Niagara Falls; secretary, W. B. Carter, Louisville. The convention adjourned to meet next year in Kansas City.

Roosevelt Visits the Senate.

Washington, May 11.—Governor Roosevelt of New York was on the floor of the senate. He entered the chamber with Senator Lodge, and was warmly greeted by friends on both sides of the main aisle. He remained for a short time chatting with senators in the rear of the chamber.

Third Drawing-Room.

London, May 11.—The third drawing-room of the season was opened by the queen in person at Buckingham palace. It was an exceptionally brilliant function. The royal circle was large, while the diplomatic and general circles were unusually well attended.

Chalmakers Strike.

York, Pa., May 11.—The chainmakers employed at the works of J. C. Schmidt & Company, 92 in number, went on strike. A demand for an increase of 10 cents per 100 links was made and refused.

## WOMEN AS DELEGATES

Question Discussed at the Methodist General Conference.

ACTION POSTPONED FOR A FEW DAYS

Plan of Consolidating Several Church Societies Will Be Referred to a Commission to Be Appointed by Bishops.

Chicago, May 11.—Anticipation of a spirited debate on the woman delegate question brought out the largest crowd that has yet attended the Methodist general conference.

Over night all three of the contending factors had burnished up their arguments, and a great tilt in polemics was confidently expected. The veterans, who oppose the admission of women to the annual conference on scriptural grounds, were ready for further aggressive warfare. Other aged pastors, however, who favor the admission of women, were also in fine fettle, and the on-the-fence division, who say they want to see the women admitted, but do not want them to join the conference through any quibble of legal forms, were prepared to emphatically present their views.

Bishop Fowler took charge of the business session. In accordance with a resolution recently made the conference hall was draped in the national colors. After the official journal had been approved a delegate from India called attention to the fact that all of the members were not American citizens, and asked to have the Union Jack displayed on the platform with the stars and stripes.

The suggestion was greeted with shouts of disapproval and Bishop Fowler prevented trouble by ruling it out of order. After quiet was restored consideration of the question of admitting women as delegates to the general conference was taken up as the general order of the day.

Considerable feeling developed, but before any action could be taken a motion to postpone consideration of the matter for several days carried.

The report of the committee on the consolidation of several societies declared the plan neither advisable nor practicable, but directs that the bishops nominate a commission, to consist of three bishops, six ministers and six laymen, said commission to submit its plan of consolidation to the next general conference. The report was adopted.

Mrs. Craven Indicted.

San Francisco, May 11.—Mrs. Nettie R. Craven has been indicted by the grand jury on a charge of felony, namely, perjury for her testimony given before that body in relation to her claim for a widow's share of the James G. Fair estate. George W. Sinton, former justice of the peace, who swore that he married Fair and Mrs. Craven, and who subsequently made oath that he fled in his first affidavit, has been also indicted for perjury. Adolph Sylva, the man who boasted that he engineered the scheme by which Sinton was induced to make his contradictory affidavits, has been indicted for subornation of perjury, which is also defined as a felony.

Returned From Orient.

Detroit, May 11.—A battalion, composed of 220 members of the Fourteenth United States Infantry, arrived in Detroit after a long, wearying journey from the Philippine islands, where they had been in active service. Although it was raining steadily, the veterans were warmly welcomed by Mayor Maybury and other citizens. Escorted by local volunteers, who had seen service in the Spanish war, the battalion marched to Lightguard armory, where refreshments were served and speeches of welcome delivered. The battalion then proceeded to Fort Wayne, which has been assigned as their station.

Sentence Commuted.

Washington, May 11.—In the case of Private Frank Miller, company I, Twenty-third infantry, who was tried by general courtmartial and convicted on a charge of rape, committed at or near San Nicolas, island of Cebu, on Oct. 20, 1899, and sentenced to be shot, the president has, upon the recommendation of the major general commanding of the army, commuted the sentence to dishonorable discharge, forfeiture of all pay and allowances, and confinement at hard labor in a penitentiary for the period of 20 years.

Action Deferred.

Washington, May 11.—The anti-trust bill was to have been passed upon by the committee on judiciary. Chairman Ray desired a full attendance on a subject of this moment, and action was deferred until absent members could be communicated with.

THE Ledger seems to have overlooked or ignored that "prosperity" item furnished this week by the White Collar Line.

NEW YORK Democrats will instruct for Bryan for President. Tammany alone will send a delegation of 300 to Kansas City for the Nebraska state-man.

It's hardly probable that Taylor would have thought it incumbent on him to furnish his henchmen with pardons for a crime committed by Jack Chinn(?).

THE London wool sales opened Tuesday at a decline of 5 to 10 per cent. from close of last season. The Ledger, however, has failed to make a note of the decline.

WONDER if Taylor can be hovering around Washington with the expectation that his personal "magnetism" may influence the action of the Supreme Court in his behalf?

EXCEPT during a protracted period of low water in the Ohio, who ever heard of a coal famine along the river until after the big Pittsburg coal combine began to get in its work? It is to the financial interests of these trusts to make coal scarce. That accounts for all the talk about coal famines.

REPUBLICAN editors are pointing to the surrender of Jim Howard, the suspected assassin of Gov. Goebel, as proof of his innocence. Then the flight and attempted escape of Caleb Powers and Captain John Davis must be taken as proof of their guilt, if the Republican argument is a good one.

HON. WILLIAM L. WILSON, who was Postmaster General under President Cleveland, in an interview recently said: It will be McKinley and Bryan. Mr. Cleveland will not allow his name to be mentioned, and Dewey will not get an opportunity to see himself voted down. Bryan will be nominated, but conditions are so changed that the campaign will be on new lines. Both sides have so many new conditions to confront that the old tactics will not do. I think the Democrat will win. We go into the fight solid.

MR. TAYLOR seems to have overlooked Yontsey when he was handling out those pardons to the Goebel suspects. Culton was given a pardon, but Culton swears he never asked Taylor for it, nor asked anyone to get him a pardon. And this sort of pardon business is some of Mr. Taylor's "official" acts that Republicans are endorsing—pardons to men who had not been indicted and against whom there were no warrants, and pardons for others who were not asking for them.

APRIL 23 the postal agents charged with making an investigation into the postal business at Havana reported the accounts correct, and Colonel Burton, Inspector General, who then took up the matter for the War Department, immediately discovered shortages that had existed for months. This fact, in itself, remarks the Washington Post, discloses a most serious condition of affairs. It points almost conclusively to guilty knowledge, if not guilty participation, on the part of other officials besides Treasurer Neeley, who is now under arrest.

MAYSVILLE, KY., May 10.—What the frost of last week failed to kill or set back in the shape of vegetation, the one last night finished. The heaviest frost seen in May in this section in many years fell all over this section last night, and this morning early vegetables and flowers look as if a monster fire had swept over them. Reports as to the damage to fruit are conflicting, however, some claiming as the frost was in the light of the moon and there is heavy foliage on the trees the damage is light.

The above appeared in Thursday's issue of the Times-Star. If vegetables and flowers suffered any damage from Thursday's frost, the local correspondent of the T-S. is about the only one who has been able to discover it.

## **Story of a Slave.**

To be bound hand and foot by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a god-send to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by J. Jas. Wood & Son, druggists.

## **A Bracken Case.**

Opinion of the Appellate Court affirming Parker & Co., against Zweigart. In affirming the above case from Bracken County, the court says:

"Where the purchasers of mortgaged land took up the mortgage notes executed by the vendor and executed their individual note in lien thereof, and also a new mortgage, the vendor's right to recover any usury embraced in the notes thus taken up then accrued, and was barred after the lapse of one year from that date; and, therefore in an action on the new note brought after that lapse of time the obligors therein can not set up the usury in the old note as a defense, though the vendors join with them."

George Donlpham, W. A. Byron for appellant; Garrett S. Wall for appellee.

REV. J. W. PORTER will speak at the men's meeting at Y. M. C. A. Sunday afternoon at 3 o'clock. His subject is "The Young Men's Christian Association; Its Origin, Work and Destiny." Every man in town should hear this address.

## **FRUIT ALL RIGHT.**

The Frost This Week Did Little Damage to Crops.

The frost which fell this week did little damage to fruit and vegetables so far as can be discovered at this time.

Mr. H. F. Hillenmeyer, the nurseryman of Lexington, who is authority on all matters of this kind, said the frost had no bad effect on fruit trees and garden plants. In speaking of the danger of further frost, he said: "The danger of frost is now practically over. There is not one chance in a hundred that it will do any damage from now on. In the last sixty years no frost has occurred in Kentucky as late in the season as May 12th except in 1864. The prospects for every kind of fruit this year is very flattering, indeed."

THE directors of the Board of Trade adopted a resolution last evening indorsing the move to give a first-class agricultural fair here next fall, but on condition that no immoral features be allowed on the grounds.

**HON. C. B. POYNTZ,**

Of this city, is a candidate for Delegate-at-large to the Democratic National Convention in Kansas City, and the Louisville Courier-Journal says his election by the State convention is regarded as certain. As a member of the State Board of Election Commissioners, Mr. Poyntz has demonstrated that he is a man who has the courage of his convictions and is ever ready to stand up for his rights. During the exciting sessions of the board, previous to and following the assassination of Governor Goebel, the threats of that crowd of drunken mountaineers could not deter Mr. Poyntz from doing what he regarded his plain duty.

## **EX-MAYSVILLIAN PROMOTED.**

Mr. Jos. A. Kinney Becomes a Member of a Big Indiana Lumber Firm.

[Converse, Ind. Journal.]

Last Thursday a partnership was formed whereby Joseph A. Kinney becomes a partner in the lumber business with L. G. Murphy. Mr. Kinney has been in Mr. Murphy's employ as bookkeeper for four years and is perfectly familiar with the business of the concern and the partnership will no doubt result advantageously to all concerned. The firm represents the two great requisites to a successful business—one, the careful, shrewd, old line business man, who by years of experience knows just how and when to invest, and the other the aggressive young business man of to-day, looking after all the business he can reach and watching for new turns in the business that can be used to advantage. We predict for this firm a long and successful business career. The firm has stock in the Anchor Lumber Co., of Indianapolis, Murphy & Kuntz Lumber Co., of Middletown, and the New Castle Lumber Co., of New Castle.

Mr. Kinney's many Maysville friends will be glad to learn of his success. Fortune has smiled on him since he went to Converse, and his friends unite in wishing him continued good luck.

# ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.

Taylor, of Kentucky, "Pretty Pearl," But Unhappy.

(New York World.)

William S. Taylor, "Governor" of Kentucky, was a picturesque figure who attracted no little attention during his brief stay in New York. Tall, raw-boned and slouching in his gait, he had the look of a man not used to what in Kentucky's mountains are called "good clothes." Despite this fact, Taylor loves to try to dress well, and affects vicuna cloth Prince Alberts and black string neckties.

His was a curious figure as he walked down Broadway, with head bowed, apparently in deep thought. A business acquaintance, who had called on him in Kentucky at the time of his inauguration, met him and said:

"Why, Governor, how are you?" Taylor looked up in a dazed way.

"Well," he said, "I'm pretty pearl, but this great big place"—and he stretched his arms out on either side, as if to indicate illimitable territory—"always makes me feel as if I was just nobody—nobody at all—and I want to get away where I can turn around without being afraid I'll hit somebody or get run over."

River News.

Down Sunday, Stanley and Wells. Queen City and Pearce up to-night.

The Lizzie Bay will receive a general overhauling and be put into first-class condition.

Although the City of Pittsburg had to turn back at Wheeling this week, she went into Louisville Friday loaded flat. She is due up this afternoon.

A slight rise is reported at Pittsburg, but the river is falling from the dam to below the mouth of the Kanawha. It is rising at Catlettsburg and Portsmouth.

MARY WARD, a peddler who is known as "Apple Mary," was arrested for begging in New York the other day, and was found to have twenty-five pounds of money in her basket. Memorandums found on her showed that she had thousands of dollars in the banks. She made it in speculating on tips given her by brokers.

IA MEASURE OF MERIT.

Maysville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Maysville is not the testimony of strangers, but the endorsement of Maysville people.

That's the kind of proof given here, the statement of a Maysville citizen.

Mrs. John E. Burns, of West End, near Pogue's, says: "I am greatly pleased with the benefits I received from the use of Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's drug store, corner West Second and Market streets. Use proved them to be the best kidney remedy I know of. I have heard a number of persons speak of the great relief obtained from the use of Doan's Kidney Pills."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

## Prevented a Tragedy.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Medical Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c. and \$1. Every bottle guaranteed. Trial bottles free at J. Jas. Wood & Son's drug store.

The Chesapeake and Ohio recently placed an order with the Pullman Company for 1,500 gondola cars, of which 599 are to be "flat bottom" and 101 hopper bottom. The cars are to be delivered during this month and June and July. The new equipment will be paid for in monthly installments under a car trust arrangement.

Louisville and Return Via C. and O. \$4.35 and \$5.80.

## AT THE HERMITAGE.

Admiral and Mrs. Dewey Visit Jackson's Old Home.

Nashville, Tenn., May 11.—Admiral and Mrs. Dewey spent the morning at the Hermitage, the old home of President Andrew Jackson, 12 miles from the city, as the guests of the Ladies' Hermitage association. While at the Hermitage, Admiral and Mrs. Dewey were entertained at luncheon by the Ladies' Hermitage association. The party returned to the city early in the afternoon. Later there was a public reception to Admiral and Mrs. Dewey, followed by a banquet. This was one of the most notable affairs of the kind given in this city for many years.

The brick work of the new Glascock building was completed to-day.

# LET THE GOOD WORK GO ON

OUR PAINT SALES this season already far surpass all previous records. We have just received the third large shipment this Spring, and in the most popular shades we have been compelled to order more frequently. We handle the United States Paint Company's goods, which are prepared ready for use and come in twenty-one beautiful and durable shades, in pint, quart, half-gallon and one-gallon cans, five-gallon buckets, half-barrels and barrels. There are many things that ought to be painted now; they will last longer, look fresher and give better service than if exposed to the hot summer sun without this protection. If you are thinking of painting your house, barn, wagon or fence we think it would pay you to call and talk the matter over with us. Some of the most beautiful work done hereabouts this Spring was with the celebrated U. S. colors which we furnished.
